A description of the levels of accommodation is included on p.8-9 of this bid packet. The Kentucky Department of Education must receive a copy of the alternative format if the instructional material is placed on the State Multiple List.

Level of Accommodations (Level One, Two or Three) Level Three

If Level Two or Three, please provide rationale for not meeting Level One Compliance:

Realityworks' Program Materials are designed in Quark Xpress, which is a page layout program that doesn't lend itself to XML, XHTML, or HTML format as required in Level One. To Convert Realityworks' Program Materials to this format would significantly delay any shipment of materials and would be at a great cost to the company. We do, however, qualify under Level Three, as we can provide all Program Materials in PDF format if specifically requested.
